- Using high sensitivity, high dynamic range speaker unit, divide-by-2 frequency design, strong bass.
- Equipped with multi-functional mounting bracket, easy to install.
- Support access to the company's IP Network PA System.

Specifications

Model	DSP455N
Rated Power (RMS)	60W
Freq. Resp. Range	150Hz-15KHz
Sensitivity (1m, 1W)	89±3dB
Max SPL.(1m)	107±3dB
SNR	≥81dB (a-weighted)
Driver Unit	3"×4, 2"×1
Network transmission distance	Best within 80m
Power Supply	AC110-240V/50Hz
Package Dimension (mm)	(L×W×H) 165×280×735mm
Machine Dimension (mm)	(L×W×H) 109×102×621mm
Gross Weight	8.8Kg (2 pcs)
Net Weight	3.5kg

Front / Rear Panel

Rear panel

1. Network Interface

Connect to Network host or Network switch

2. Power line
